Cruiseline Entertainment

To The Entertainment Department,

To introduce myself, my name is Hillary Sukhonos, I have been a professional dancer at the Lido de Paris in France since 2015. It has been an extraordinary experience to be original cast for a Franco Dragone creation and perform in France, Italy, Germany, and Ukraine. It is now time to make a career transition. I have been interested to work as an Assistant Cruise Director or Social Hostess since my first ship experience in 2014 aboard the Oceania Marina. .

I was never just a dancer. My CV highlights my success in arts administration, casting, events, public relations, and company management. My work history tells a story of my talent in collaborative, people-oriented, client-based, and forward thinking workplaces such as AirBnb. My skill-set, like my dance career, is multidisciplinary, which I hope can serve your team. For example, I could even create a pre-show with my dance performance skills.

I have been a public speaker since 2011 when I served as Director of the Salt Lake City Ballet. I am comfortable in front of audiences, in fact, I have performed for over 2 million live audience thus far in my career. I hope there could be an opening for me to pursue opportunities with you starting January 2020.

Kind Regards,

Hillary Sukhonos
